

SAFE FOOD, EVERY TIME

Keystone Universal Food Rotation Labels

The perfect choice for operators that want to use just one label for all their food rotation needs.

- With 7 day-of-the-week colors included, one roll can take the place of 7 rolls
- Reduce label ordering/inventory complexity with one label for all days of the week

Keystone Universal Labels help eliminate the need to have a label for each day of the week and provide the critical information necessary to identify and rotate foods.

- The FDA mandates that all prepared and repackaged food not consumed within 24 hours must be labeled with an expiration date.
- Keystone Universal Labels provide the critical information necessary to identify and rotate foods.
- Superior materials and adhesives will ensure that no residue is left behind, and can prevent critical cross-contamination violations.

Keystone Universal Dissolvable Labels

Dissolvable paper labels dissolve within seconds when immersed in water of any temperature.
