

CLEAR AWAY
CARBONIZED GREASE

Keystone Oven & Grill Cleaner Aerosol

- ▲ Powerful foam-clinging application extends contact time
- ▲ Provides even coverage and helps reduce dripping
- ▲ Fresh lemon scent

Easy-to-use aerosol spray helps remove grease quickly from ovens, grills and other stainless steel equipment.

Keystone Oven & Grill Cleaner

effectively revitalizes stainless steel food preparation equipment by penetrating carbonized grease and other soils. Use on ovens, grills, stove hoods and other stainless steel surfaces.

DIRECTIONS FOR USE:

1. Wear long-sleeved rubber gloves and protective eyewear.
2. Turn off current in electric ovens and pilot lights on gas ovens.
3. Shake can well before using.
4. Hold can 9-12 inches (23-30 cm) away and spray a generous amount on surface.
5. Allow to set 5-10 minutes on warm surface and 20-30 minutes on cool surface.
6. Wipe the surface clean with paper towel or a clean cloth, then rinse surfaces with potable water to remove remaining cleaner.
7. Repeat process in cases of heavy cooking, using steel wool or soap pad.

Overnight or Cold Oven Cleaning:

1. Follow above directions for use in a cold oven. Spray oven surfaces; close oven door.
2. Allow to stand overnight (eight hours or longer). Wipe clean with a wet sponge.

Keystone combines the foodservice knowledge of Sysco, with the cleaning and sanitization expertise of Ecolab. Our experienced and dedicated sales teams provide you personalized support to help you run a clean and safe operation.
