

LONG-LASTING SHINE

Keystone Water-Based Stainless Steel Polish

- ▲ Effective and easy-to-use, long-lasting formula
- ▲ Helps repel water and penetration of harmful liquids
- ▲ Rich in mineral oils and contains no solvents or butyls

Water-based formula returns shine to metals with a long-lasting protective coating.

Keystone Water-Based Stainless Steel Polish cleans lightly soiled surfaces and leaves a barrier against water and dirt that makes clean up much easier.

Use on walk-in coolers and freezers, service-line equipment, exhaust hoods and other metal surfaces.

DIRECTIONS FOR USE:

1. If surface is heavily soiled, first use a lime scale remover for mineral soils or other grease removal product for organic soils.
2. Spray Keystone Water-Based Stainless Steel Polish on area to be cleaned. Wipe off with a clean, dry cloth until shiny.

Keystone combines the foodservice knowledge of Sysco, with the cleaning and sanitization expertise of Ecolab. Our experienced and dedicated sales teams provide you personalized support to help you run a clean and safe operation.
