

CLEAN & SANITIZE FLOORS AND DRAINS

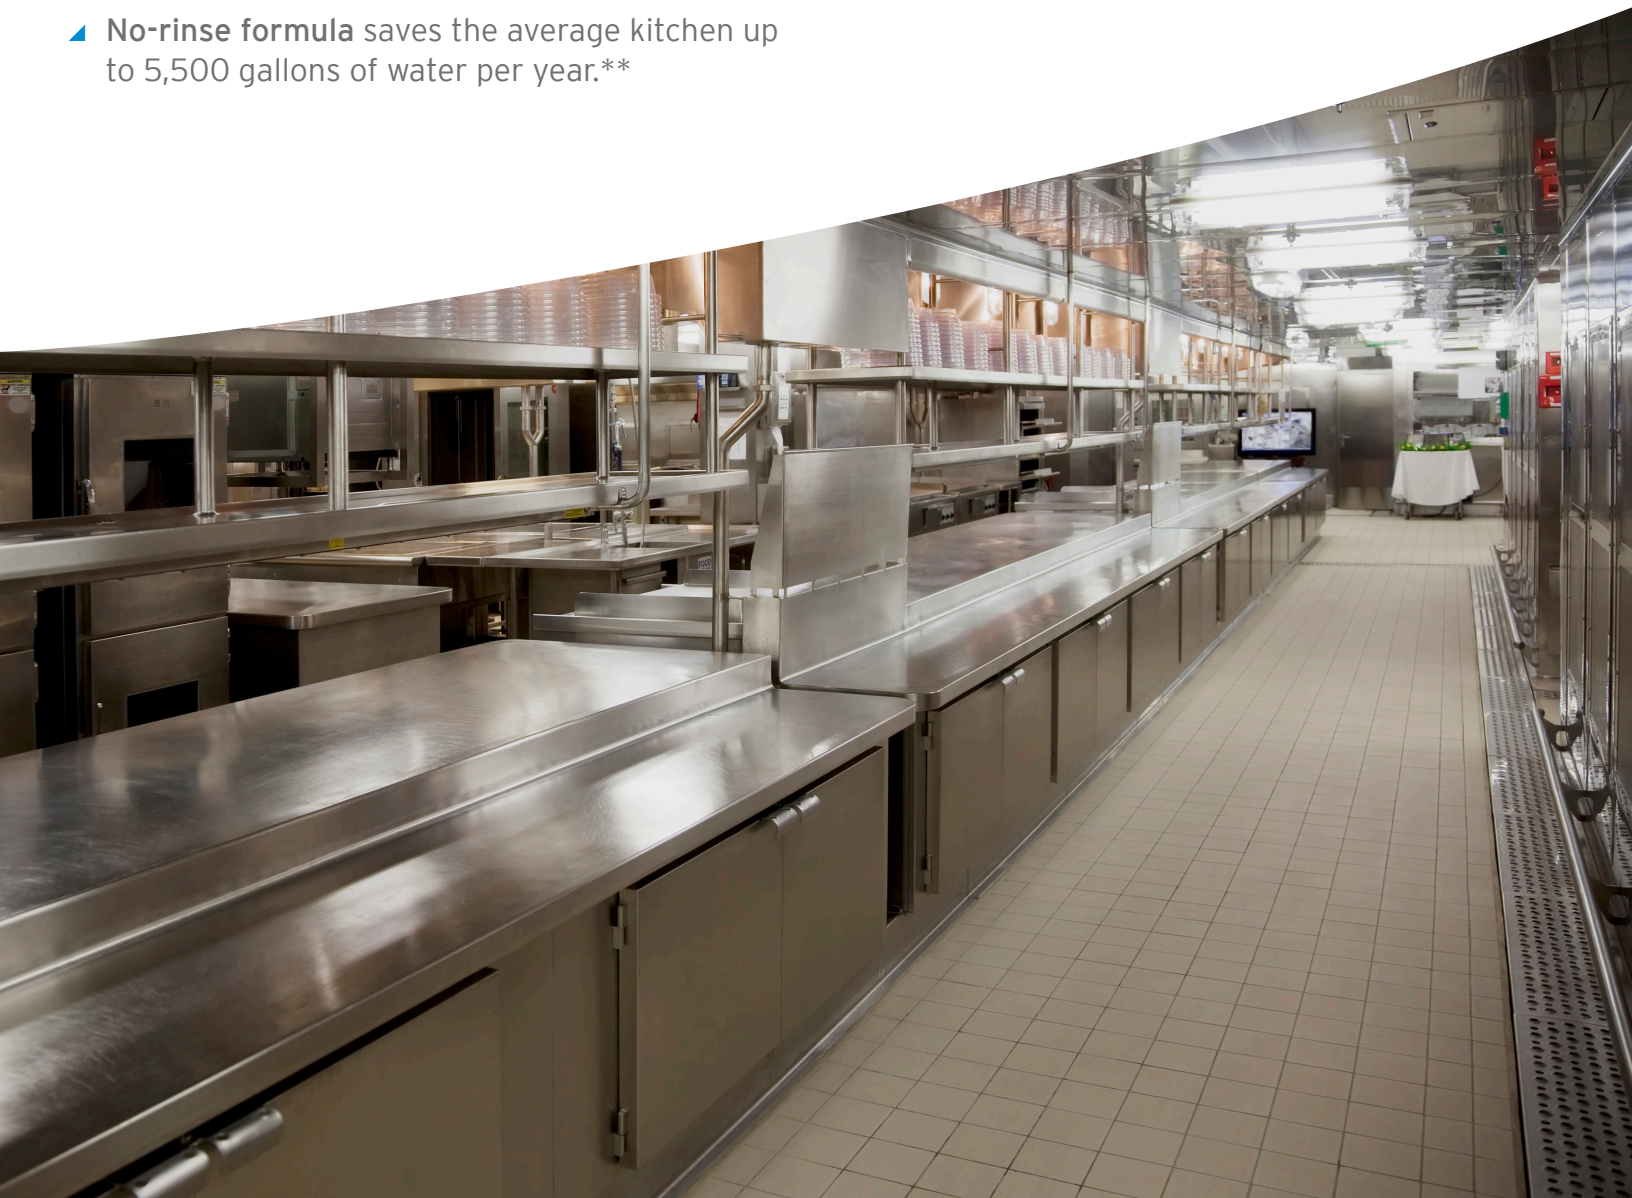

Keystone Sanitizing Wash 'n Walk™ No-Rinse Floor Cleaner/Sanitizer

- ▲ Kills 99% of dangerous pathogens such as *E. Coli*, *Listeria*, *Salmonella* and *Staphylococcus** on floors and drains.
- ▲ **Patented formula** uses enzymes to break down problematic grease buildup on kitchen floors.
- ▲ **No-rinse formula** saves the average kitchen up to 5,500 gallons of water per year.**

Attack the greasy build-up on slippery kitchen floors while reducing the risk of cross contamination.

* On 5 minute contact time with non-food contact areas.

** No-rinse formula saves 10-20 gallons of water per application.

FLOORS

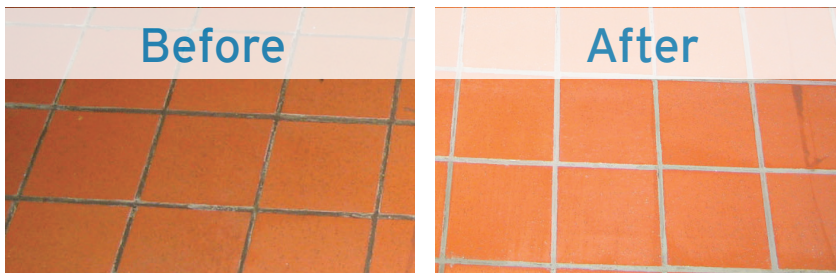

Keystone Sanitizing Wash 'n Walk kills 99% of harmful bacteria on floors and in drains, creating a cleaner, safer kitchen.

Keystone Sanitizing Wash 'n Walk attacks the greasy cause of slips and falls in a whole new way. Deep packed-in grease and soil build-up over time, create "grease banks". Wetting and squeegeeing grease banks merely spreads the grease, creating slippery floors. When used as directed, Keystone Sanitizing Wash 'n Walk attacks the grease and helps minimize slips and falls.

DIRECTIONS FOR USE:

1. Sweep floor.
2. Use only **COLD** water to prepare the Keystone Sanitizing Wash 'n Walk solution.
3. Apply Keystone Sanitizing Wash 'n Walk to floor.
4. Brush with a stiff bristle brush.
5. For sanitizing, allow solution to dwell on surface for **5 minutes**.
6. Squeegee to drain.
7. Do not rinse! Just walk away and let Keystone Sanitizing Wash 'n Walk work its magic.

Keystone Sanitizing Wash 'n Walk attacks and helps eliminate grease banks on kitchen floors

Data from 100 foodservice locations screened for *Listeria*, *Staphylococcus* and *Salmonella*. Presumptive positives.

DRAINS

Drains harbor bacteria causing mal-odors to spread throughout your kitchen. Keystone Sanitizing Wash 'n Walk helps eliminate odor causing bacteria.

DIRECTIONS FOR USE:

1. On pre-cleaned drain, foam Keystone Sanitizing Wash 'n Walk into drain until drain is full.
2. For sanitizing, allow foam to dwell in drain for **5 minutes**.
3. Rinse if desired.
