KEYSTONE™ PROVIDES SOLUTIONS FOR EVERY OPERATION

CHANG HA
Hasaki Grill & Sushi

“Cleanliness is critical to making sure our customers keep coming back. With Ecolab and Sysco partnering together, it really made things easy for me.”

NICK VATISTAS
Bricco

“Cleanliness is a really important part of the guest experience. Keystone liquid bleach cleaner can be used in so many different areas of the restaurant and we love that versatility.”

MIKE DILBERIAN
Woody's Bar-B-Q

“Barbecue is primarily messy because of the sauces that we use. Because of the mess it leaves residue on the tables, in the bar areas, and the table tops. Keystone Orange Multi-Surface cuts through that and cleans very well.”

RYAN GARRETT
Stubb's Bar-B-Q

“With the volume of the foot traffic that comes through our doors, the floors take a beating. Keystone Floor Cleaner does an absolutely amazing job for us, and makes a significant difference in the appearance and cleanliness of our facility.”

HELP ENSURE BEVERAGE QUALITY

PROBLEM	SOLUTION

The head of foam on beer is easily collapsed by food soils or chemical residues on unsanitary glasses. Using detergent not specifically made for manual bar glass washing may result in poor beverage quality and noticeable chemical residue.

Manual Bar Glass Detergents are specially formulated to leave no visible detergent residue in either hot or cold water. **Manual Bar Glass Sanitizers** are an EPA-registered food contact surface sanitizer and won't impact smell or taste.

HAND HYGIENE

WHY CLEAN MATTERS

Hand hygiene helps keep employees and guests safe from foodborne pathogens and public infections.

Protect your guests and employees from daily risk associated with bacteria and pathogens

HAND HYGIENE FACTS

An estimated **80%** of all infections are **transmitted by hands**.¹

3 days is the amount of time some germs can live on moist surfaces.²

95% of people don't wash their hands adequately.³
